

EMERGENCY MANAGEMENT

PO Box 3001 | Grand Bay-Westfield | NB | E5K 4V3
emo@towngbw.ca

April 12, 2019

The Town of Grand Bay-Westfield Emergency Measures Organization wishes to advise residents that while emergency preparedness may begin with the individual, your Town remains prepared to provide support in emergencies. This includes extreme flood events.

The Town has made no cuts to its funding for emergencies.

Recent media reports have indicated the Town has changed the way it prepares for and responds to some emergencies. Unfortunately, that is not correct. This is to assure our residents that no negative changes or cuts have been made to our preparedness, response plans or operations.

Over the past year, your Emergency Management Team has been working hard to continue to improve their ability to respond to all types of emergencies. This includes extensive emergency management training for all our members, significant upgrades to our Emergency Operations Centre and increasing our emergency supply inventory.

Striving to do better will always be a core philosophy for us.
