April 15, 2020

River Watch 2020

This notice is to advise property owners in areas along the St. John and Nerepis Rivers that water levels are now at advisory stage. At this time, residents should be making final preparations for any potential spring freshet flooding.

Grand Bay-Westfield residents who have experienced flooding in the past are advised to register with the Emergency Operations Centre (EOC). **Only those registered will receive assistance** from the Town, assistance includes:

- Sandbags (should forecasting reach the threshold for sandbag distribution)
- Further updates and information on emergency response
- Clean-up and recovery information

Registration form is available at: www.gbwemo.com/riverwatch2020registration or use the camera on your smart device to scan the code below:

If at any point you and your family choose to evacuate your home, we ask that you contact the EOC at 343-0974 or email emo@towngbw.ca. This will ensure the safety of our first responders, preventing them from unnecessarily entering dangerous areas.

Residents are reminded of the importance of maintaining physical distancing and all other COVID-19 State of Emergency requirements while preparing their property for potential flooding.

ALWAYS HAVE YOUR  KIT READY
